

AMANO SECURITY TRAINING 3-DAY SCHEDULE

ACCESS CLASS DESCRIPTION:

AMANONET

Learn by doing. A two day class where the attendees will be introduced to the enterprise range of access control products. The class will cover basic installation, and advanced configuration of the AmanoNet Access Control System. The class is structured around the hardware installation and software configuration of new systems and is geared directly at installers and integrators.

DAY 1 – AMANONET BASICS

DAY 2 – AMANONET ADVANCED

DAY 3 – AMANO DVMS / INTEGRATION
